A2040 Long Term Community Vision

This section presents our long-term vision for Alexandrina – to be ‘Liveable. Green. Connected.’ to thrive into the future.

It is a story developed with our community representing what we want Alexandrina to be like in 2040 and includes five action areas that Council will focus its efforts on.

This vision remains largely consistent with the original 2020 version. However, this review has adjusted the five action areas to align with the new Four Year Delivery Plan.

We’d like to understand your level of support and if we have missed something.
