

8.9. Clayton Bay BMX and Toilet Community Engagement

C24146

Moved Cr Margaret Gardner seconded Cr Peter Oliver

- 1. That Council receive the community engagement submissions on the proposed location to construct a new public toilet and a basketball half court or BMX track within Clayton Bay Reserve.**
- 2. That Council approve the progression to detailed design and construction of a new public toilet and BMX track within Clayton Bay Reserve.**

CARRIED UNANIMOUSLY

8.9. Clayton Bay BMX and Toilet Community Engagement

Responsible Officer: Jonathon Smyth, Manager Assets

Report Author: Jess Bridgman, Team Leader Open Space and Buildings

Recommendation

1. That Council receive the community engagement submissions on the proposed location to construct a new public toilet and a basketball half court or BMX track within Clayton Bay Reserve.
2. That Council approve the progression to detailed design and construction of a new public toilet and BMX track within Clayton Bay Reserve.

Prior Resolutions

Meeting Date	Agenda Number	Item	Report Title	Resolution Number
21 August 2023			Local Roads & Community Infrastructure (LRCI) Program – Phase 4 (Dalveen Road Bridge Renewal and Clayton Bay Toilet Upgrade)	C23098
22 November 2021			Disability Access and Inclusion Plan 2021-2024	ACM211256

Community Strategic Plan Impact

LIVEABLE	Distinctive townships, places, spaces, and transport networks that support active lifestyles vibrant cultures and productive enterprise
CONNECTED	Created for, with and by the community. We are safe, healthy and all enjoy accessible infrastructure and services

Report Objective

To receive the submissions and confirm community engagement outcomes on the proposed location to construct a new public toilet, basketball half court or BMX track within Clayton Bay Reserve.

Executive Summary

Through the need to replace the public toilet facilities within Clayton Bay Reserve and requests for additional youth facilities, it was decided to consult the surrounding community on a proposed location to construct a new public toilet and decide between a basketball half court or BMX track.

Community engagement was undertaken requesting feedback on whether they agree with the proposed location of a new public toilet, if they would prefer a BMX track or a basketball half court and if they agree with the proposed location of either facility.

Of the 112 respondents to the survey, 66.1% agreed with the location of the new toilet block, 55.4% (36.6% + 18.8%) preferred a BMX track and 67% agreed with the proposed location of the BMX track.

Through analysis of the engagement feedback there is strong community consent to proceed with the proposed locations for the new public toilet and BMX track.

Context

Clayton Bay Reserve is situated along Island View Drive, Clayton Bay near the Lower Murray River and currently has a playground, irrigated lawn area, public toilet, a large shelter with BBQ, picnic tables, cricket pitch, canoe launch area and kids swimming area. The park is well vegetated and has been planted with a variety of trees.

Action 3.6 from the adopted Disability Access Inclusion Plan developed in November 2021 states "Prepare strategic reviews and access audits of Council assets (including footpaths, public toilets, playgrounds, community buildings, and the availability of accessible car parks). Through assessments undertaken it was prioritised that Clayton Bay Reserve toilets require additional disability facilities and due to the asset age of current public toilets a new toilet was required.

It is noted that a basketball court is already present in Clayton Bay, adjacent to the Community Hall.

Funding for construction of the new public toilet was secured through phase 4 of the Local Road and Community Infrastructure (LRCI) Program with funding for the basketball half court or BMX secured through capital works for 2023/24.

General Analysis

Public consultation on a proposed location to construct a new public toilet and a BMX track or basketball half court within Clayton Bay Reserve was held between Thursday 16 November 2023 to Friday 12 January 2024 through advertising in the local newspapers and Council's MySay page. Survey results of the consultation are provided in Attachment 1 and location plan of the proposed new public toilet and recreational facility is shown in Attachment 2.

On closure of public consultation, there were 367 aware participants, 147 Informed participants and 112 respondents to the survey as provided in Attachment 2 of this Report. The respondents were a mixture of Alexandrina residents, visitors to the area or other.

Outcomes of the survey informed that there was a 66.1% (yes) and a 33.9% (no) split between respondents who agreed with the location of the new toilet block. It was informed that there was a 36.6% (BMX), 23.2% (basketball half court), 18.8% (either) and 21.4% (neither) split on what facilities they would prefer to be built within the Clayton Bay Reserve. There was a 67% (agree) and a 33% (disagree) split between respondents on the proposed location for either basketball half court or BMX track.

Through analysis of the engagement feedback, it informs us that there is strong community consent to proceed with the proposed locations for the new public toilet with 66.1% and BMX track or basketball court facilities with 67% in favour. With further analysis of the engagement feedback it was concluded that a BMX track should be built within the proposed location with retainment of as many trees as possible. This being based on 36.6% of respondents requesting a BMX track and an additional 18.8% content with either a BMX track or basketball half court within the Reserve.

Comparative Analysis

Alexandrina Council are currently undertaking a Recreation and Open Space Strategy which includes a review of the current supply and future demand of recreation and open space facilities within the Alexandrina Council. The outcome will be a strategy which includes levels of service to guide the delivery of 10-year implementation plan for all recreation and open space assets. Delivery of this strategy will inform future asset management of Open Space and Recreation facilities throughout the Alexandrina Council area.

Financial and Economic Implications

In accordance with the Alexandrina Council's Adopted Budget / Long Term Financial Plan, the financial implications of adopting this recommendation are considered low.

There is a current capital budget for the detail design and construction of the public toilet and for the construction of a BMX track within Clayton Bay Reserve.

Risk Management

In accordance with Alexandrina Council's Risk Assessment Matrix, the risk of adopting this recommendation is considered low.

Conclusion

Due to outcomes from community engagement, we recommend Council proceed with the detailed design and construction of a new public toilet and BMX track in the proposed locations within the Clayton Bay Reserve.

Attachments

Attachment 1 - Community Engagement feedback report for proposed location to construct a new public toilet and a basketball half court or BMX track within Clayton Bay Reserve

Attachment 2 - Proposed location of the new public toilet and a basketball half court or BMX track.

Q1. Which statement best describes you?	Alexandrina Ratepayer
Q2. Full name	
Q3. Email address	
Q4. Do you agree with the location of the new toilet?	Yes
Q5. Do you have a suggestion for an alternative location?	not answered
Q6. Which would you prefer?	Half-court basketball court
Q7. Do you agree with the proposed location for either the ½ court basketball court or BMX	Agree
Q8. Please explain your answer further	The area is located in the most active recreational area in Clayton Bay with good parking and picnic facilities. 1/2 court basketball court would be more useful to more people (particularly those who don't have bikes). A BMX facility would only be useful for those with a bike which could be quite limited.

Q5. Do you have a suggestion for an alternative location?

To the side of the cafe or other side of playground - definitely not bang in between the cafe and the view of the water!

Q6. Which would you prefer?

Neither

Q7. Do you agree with the proposed location for
either the ½ court basketball court or BMX

Agree

Q8. Please explain your answer further

Basketball and BMX are very for a small proportion of the community, probably just in school holidays. A proper asphalt bikeway around the peninsula would be able to be used by cyclists, walkers, mobility scooters, wheelchairs, prams, joggers etc. The current pebbly walking trail has stunning views but is inaccessible to many. From Council's own inclusion plan: Goal 3: Accessible Communities The accessibility of the built environment, quality services and information is key to ensuring people living with disability are included and have the opportunity to equally participate in all aspects of community life. It is our aim to increase accessibility to public and community infrastructure, transport, services, information, sport and recreation and the greater community. What we heard Our community wants: • Accessible footpaths, public toilets, parks, playgrounds, buildings, car parks and events.

Clayton Bay is a small but growing town, with an increase of younger families choosing to settle here. During the peak periods the local caravan park and b and bs are at capacity. Apart from the water activities in the area other options for the young visitor and locals are limited.

Q5. Do you have a suggestion for an alternative location?

The current toilets are too far away from the boat ramp and water users but too far away from the playground they could be more central to both if possible. Closer to the water and tucked behind the hill. The current building is a bit ugly.

Q6. Which would you prefer?

Either

Q7. Do you agree with the proposed location for either the ½ court basketball court or BMX

Disagree

Q8. Please explain your answer further

The current toilets are too far away from the boat ramp and water users but too far away from the playground they could be more central to both if possible. Closer to the water and tucked behind the hill. The current building is a bit ugly. We started off not minding about the basket ball court or bmx track but then we all spoke about it and changed our mind after consideration. As owners and residents of No.18, 21 Island View Drive, 7 Edgewater Road. We don't believe we require either when we observe daily, more people and families use the oval playing cricket every weekend, dog walkers and throwing balls for their pets, Kite flyers, boats pull up along the river banks and picnic and kayakers, walkers and push bikes enjoy the oval and we all feel the money could be better spent making the grass healthier and more attractive to be used / friendlier to the already current users before spending money elsewhere. The grass is full of prickles and weeds. We do appreciate how well it is mowed regularly. So thank you for that but it is severely lacking in attention.

Q6. Which would you prefer?

BMX track

Q7. Do you agree with the proposed location for
either the ½ court basketball court or BMX

Disagree

Q8. Please explain your answer further

NO! The oval would be a much better location. The proposed site looks as though trees would have to be removed which I strongly object to. The oval is rarely used and is a blank canvas requiring no tree removal. As there is a tennis court at the community hall that could be modified for use as a half-court basketball court I think this would be an unnecessary duplication so prefer a BMX track. Another alternative would be to utilise the Terry Way Reserve for a pump/BMX track. Clayton Bay is in desperate need of a fenced dog park too. Many residents have not only one but 2 dogs and Clayton Bay needs an area for off-leash dog exercising. The unofficial dog park at the hall grounds is too small to continue being used for this.

Q6. Which would you prefer? BMX track

Q7. Do you agree with the proposed location for
either the ½ court basketball court or BMX

Agree

Q8. Please explain your answer further

I think a bmx track would be more suitable and used as it is adjacent the shared walking/bicycle trail. There are basketball and tennis facilities already at the community centre, which I don't think I have seen used so don't believe it's an in demand activity. It would be good to see the track constructed naturally in the landscape like the one in Adelaide called city dirt and limit the number of trees removed. The plastic type pump tracks are a bit tacky. Climbing tree do great nature play installations. The playground adjacent is a bit tired also.

Alexandrina Ratepayer

Q2. Full name

[REDACTED]

Q3. Email address

[REDACTED]

Q4. Do you agree with the location of the new toilet?

No

Q5. Do you have a suggestion for an alternative location?

Where the current one is or adjacent on the higher side of gravel road. There is no reason to intrude on the park/playground area with a new toilet block and it would simply clutter and block the outlook of the waterfront.

Q6. Which would you prefer?

Neither

Q7. Do you agree with the proposed location for either the ½ court basketball court or BMX

Disagree

Q8. Please explain your answer further

The proposed area is currently used by the community for events such as the winter solstice bonfire which utilise the amenity of the waterfront and by visiting (tourist) families for picnics and gatherings and swimming. A basket ball or bmx track in that area would negatively impact on those activities and would be better sited near the community centre as neither require the amenity of the waterfront park land area to be successful.

Q7. Do you agree with the proposed location for either the ½ court basketball court or BMX	Disagree
Q8. Please explain your answer further	May I ask?.....what on earth does Alexandrina Council have against Clayton Bay? It's not enough that as rate payers we have to pay \$500k for a toilet block for the caravan park, now you want to put a bmx track/basketball court here. Why are you so focused on destroying the ambience of our beautiful village? Presumably these new additions will primarily be to attract more caravans here - which will then lead to more caravan spots. It's not enough for you to flood our town with unwanted street lights (which we are STILL WAITING to be rectified by you.). The site you are proposing to build on is a RAMSAR site (I suggest you look this up - it's important!) but Clayton Bay - as heritage land, wetlands of international importance (listed under the RAMSAR convention), and a home to endangered birds also falls under the EPBC act (look this up too - also very important). I'm thinking it's time Tanya Plibersek was contacted about the constant and unwanted interference in our area of outstanding natural beauty! I'm pretty sure that building something as disruptive as a basketball court/bmx track (utter insanity!) is illegal on this site. I have to ask myself what the point is filling this "have my say" is. You'll do it anyway whether we want it or not. I wonder who's getting the kick back from this one. Please just sod off and leave us alone! Yours in sadness and disgust Simon Timmins

Q8. Please explain your answer further

Any update of the facilities for the youth in the area would be great. BMX track would appeal to more kids. With the housing blocks getting smaller kids have limited space to ride safely. A track would suit all ages. With the new toilet block consider moving the dump point there. The council have told me that parking on the verge is illegal and when people empty their cartridges where do they park but on the verge.

Alexandrina Resident

Q2. Full name

[REDACTED]

Q3. Email address

[REDACTED]

Q4. Do you agree with the location of the new toilet?

No

Q5. Do you have a suggestion for an alternative location?

Not in the line of sight of the cafe maybe on the northern edge of the car park for the public boat ramp / jetty area

Q6. Which would you prefer?

Either

Q7. Do you agree with the proposed location for
either the ½ court basketball court or BMX

Disagree

Q8. Please explain your answer further

I cannot abide by more trees being cut down so I would suggest on the edge of the under-utilised oval area just to the north of the proposed site.

Alexandrina Resident

Q2. Full name

[REDACTED]

Q3. Email address

[REDACTED]

Q4. Do you agree with the location of the new toilet?

No

Q5. Do you have a suggestion for an alternative location?

Why can't you put it where it already is or to either side of where it is currently - instead of chopping down even more trees again to accommodate it.

Q6. Which would you prefer?

BMX track

Q7. Do you agree with the proposed location for either the ½ court basketball court or BMX

Disagree

Q8. Please explain your answer further

as per the map it looks to me like you are going to have to chop down a good percentage of the trees to accommodate the placement of either a half court (which we already have a basketball/tennis court next to the community hall - why not upgrade this instead of building a new one) OR a BMX track (which wouldn't be too bad providing trees were left in place and the track went around and through the trees.)

I'm not sure why a new toilet block is needed. If it is to replace the existing block, I would hope the old one would be demolished, rather than left abandoned. I would love council to consider upgrading kayak access on the lagoon side of Islandview Drive, and also consider the 72 hour limit for boats to be moored there, without toilet facilities

[REDACTED]

Q4. Do you agree with the location of the new toilet?

No

Q5. Do you have a suggestion for an alternative location?

Shift the caravan park to the flat unused oval where there is enough capacity for growth at a lower level and utilization of the one toilet block for both public and caravan patron use. The minimum setback limit for a toilet block isn't achievable on any other foreshore reserve and you won't be hitting bedrock when you try and put in power, septic and water.

Q6. Which would you prefer?

Neither

Q7. Do you agree with the proposed location for either the ½ court basketball court or BMX

Disagree

Q8. Please explain your answer further

It will require removal of foreshore trees and will see children hurting themselves out of range of their parents, in a town with appalling ambulance call-out times.

Q8. Please explain your answer further

Relocate the caravan park to the oval when its lease expires in April 2025 and go out to public tender to find a more suitable lessee. The caravan park can't extend towards Alexandrina Council because they can't put sewage, power and water in due to solid bedrock there, proximity to the river and scenic views of residents need to be retained.

Q8. Please explain your answer further

Clayton Bay consists of mostly retired residents and holiday goers. A BMX track or basketball court then would likely only ever be used by the second group – 'holiday goers'. I love Clayton because of its peace, quiet and tranquillity. so why would I (and a severely in debt council) spend money on these facilities? I was in Lake Bonney last week and along the foreshore were several fitness machines (www.imaginationplay.com.au) which would be great along the Clayton Bay foreshore, for all ages to use and promote fitness in our ageing community.

Q8. Please explain your answer further

I would prefer the council invest in upgrading and expanding the playground to cater better for a broader range of children. Cover over the playground would ensure it can be used all year round and a more natural based playground would cater to more of a majority of children.

Q4. Do you agree with the location of the new toilet?

No

Q5. Do you have a suggestion for an alternative location?

Why can't you revamp what is already there?? Why move it ? So when you are sitting at the new shop about to open you are looking at a toilet block. More trees gone. You guys really have a problem with trees. I think your planners need to change their thinking.

Q6. Which would you prefer?

Neither

Q7. Do you agree with the proposed location for
either the ½ court basketball court or BMX

Disagree

Q8. Please explain your answer further

Again more trees gone. Do we really need it. We have a lovely playground and beautiful water front to fish, swim etc. we have a lovely track the kids can ride bikes on. Again planners look at the ages of people that live in Clayton. Yes, they have grandchildren but I'm sure they will do fine without either. There is a basketball ring at the community centre. Leave Clayton alone. It's a beautiful unspoilt place.

In place of existing, down next existing car parks. Multiple alternatives but hard to say without seeing what the plans or intentions are.

Q6. Which would you prefer? Neither

Q7. Do you agree with the proposed location for either the ½ court basketball court or BMX Disagree

Q8. Please explain your answer further
I could not attend the village conversation so to respond to a survey with nothing more than a mud map is why I have chosen my answers. I am not against such a proposal but I am against supporting decisions with no plans, concept drawings, costings, opportunity framing, etc. I do wish there was a way/ more opportunity to have more input at critical times of project development and delivery. I also understand that if you wait and try and please everyone nothing will happen. But I got to say recent track records of projects does highlight a problem with this engagement and what the community wants.

on the toilet block, with the septic tanks to allow RVs to put their waste, into the septic tank that does not have raised pipes. The one near the caravan park has a raised entry. Plus, it is next to the entry to the caravan park, some times leaving little room to maneuver other vehicles.

Q6. Which would you prefer?	Neither
Q7. Do you agree with the proposed location for either the ½ court basketball court or BMX	Disagree
Q8. Please explain your answer further	Love the idea of exercise equipment as accessible to young and old. The older demographic deserves a resource to prevent frailty and would also be used by younger people and visitors. Getting people out into nature has an evidence based positive health impact. Add in the exercise machines and ppl can have. Chronic disease management plan via GO to access exercise physiologist to create individualised exercise plans using the equipment to treat and prevent chronic illnesses like diabetes, arthritis and cardiovascular disease. Grt resource to build community interaction too!

Q8. Please explain your answer further

Facilities such as these adds to the reasons why visitors would come to Clayton Bay for a day or an extended stay. The half court basketball court will provide use to a wider group of people and of all ages whereas the bmx track has a limited or narrower age group for use in the area.

Agree

Q8. Please explain your answer further

Toilets - there is very little detail provided in this survey. New toilets would be beneficial but there is no detail on carparking, pedestrian access, siting, vegetation removal. BMX track - there is already a tennis court at the hall, additional linemarking and a permanent basket ring would turn this into a shared use facility. Therefore a BMX track would offer a different recreation option for the community. Again there is very little detail so it is unclear on materials being proposed, how drainage will be managed, vegetation removal
